

Gap Subjects Catalog

The Florida adoption schedule was revised re-aligning subjects to include all of Grades K-12 in the called subject areas. This revision will affect upcoming adoptions for Science, Mathematics, and English Language Arts. The result is the current adoption will end one or two years before the new adoption begins, creating a "Gap" during which time there may not be sufficient digital and consumable print instructional materials for every student. Instructional materials are being offered by publishers to bridge the "Gap".

This is a special Gap Year Catalog featuring digital and print instructional materials currently available for the one or two year gap indicated in the table below.

GAP SUBJECT	ADOPTION ENDS	NEW ADOPTION BEGINS	# GAP YEARS
SCIENCE K-12	2017	2018	1
MATH K-5	2018	2019	1
ELA K-5	2018	2020	2
ELA 6-12	2019	2020	1

ELA material will be added when available.
